

BIOLOGY MEMO

For the purpose of teaching General Biology (BIOL 1) course(s) at Pelican Bay State Prison. Assigned faculty at College of the Redwoods requests permission to transport the following items through the pedestrian gate (B & D YARD) to education classroom(s) between August 22nd – December 18th.

Item Description	Quantity
Perishables	
Agar medium (1%), plastic petri plates	12
Amylase enzyme solution, plastic bottled (100 ml)	1
Beet juice, plastic bottle (250 ml)	1
Egg albumin, 1% solution, plastic bottle (500 ml)	1
Elodea (aquarium plant), plastic jar	1
Glucose solution, 1% solution, plastic bottle (500 ml)	1
Ice chest with ice	1
Milk , plastic bottle (250 ml)	1
Onion root tips, small plastic jar	1
Pinto beans, boiled, germinated, plastic tub	1
Pinto beans, germinated, plastic tub	1
Pond water, plastic jar	1
Potato	1
Potato water, plastic bottle (500 ml)	1
Radish seeds, 1 packet	1
Red onion	1
Sea urchin eggs, plastic Erlenmeyer flask (250 ml)	1
Sea urchin sperm, plastic petri plates	2
Sea urchin, live in mini plastic aquarium	1
Sea water, plastic bottle, (1,000 ml)	1
Sprite soda, plastic bottle (250 ml)	1
Starch solution, 1% solution, plastic bottle (500 ml)	1
Tryptic Soy Agar medium, plastic petri plates in plastic rack	30
Unknown food #A (banana solution), plastic bottle (250 ml)	1
Unknown food #B (milk solution), plastic bottle (250 ml)	1
Unknown food #C (tofu solution), plastic bottle (250 ml)	1
Synthetic Blood type kits	6 kits
Antiserum A	1
Antiserum B	1
Antiserum D (Rh)	1
Synthetic Blood #1	1
Synthetic Blood #2	1
Item Description	Quantity
Synthetic Blood #3	1
Synthetic Blood #4	1
Non-perishable Liquids	
Isopropanol (rubbing alcohol, 91%; plastic bottle, 16 oz)	1
Complete nutrient water solution, plastic bottle (1,000 ml)	1
Nitrogen deficient water solution, plastic bottle (1,000 ml)	1

BIOLOGY MEMO

Phosphorus deficient water solution, plastic bottle (1,000 ml)	1
Potassium deficient water solution, plastic bottle (1,000 ml)	1
Videos	
Racing Extinction, DVD movie	1
PBS Evolution: Why Sex?, DVD movie	1
Chemical Droppers	
Potassium Iodide (Gram's Iodine; 15 ml)	2
Phenol Red (15 ml)	2
Biuret's Reagent (15 ml)	2
Aceto-carmin (15 ml)	2

All items will be inventoried before and after each use to ensure no materials are missing. During each class period students will not be released until the completion of inventory and when all materials are accounted for. Custody staff will be notified immediately in the event materials are missing or compromised.
